Notes

¹ Services prior Authorized by your Primary Care Provider, Plan Medical Group, or the Plan are subject to Tier 1 Cost-Sharing. Emergency Services are subject to Tier 1 Cost-Sharing. For non-emergency services not prior Authorized by your Primary Care Provider, Plan Medical Group, or the Plan, the applicable Tier 2 or Tier 3 Cost-Sharing will apply.

² Individuals enrolled in a family plan will reach the annual deductible or Out of Pocket Maximum amount if the member meets the individual deductible or Out of Pocket Maximum amount or any combination of enrolled family members meets the family Deductible or Out of Pocket Maximum amount, whichever comes first. Once an individual in a family reaches the individual out of pocket maximum, the individual is not required to pay any further cost-sharing. Amounts paid toward the Deductible apply toward the Out of Pocket Maximum.

³ Out of Pocket Maximums and Deductibles do not cross apply between the medical costs in Tier 1, Tier 2 and Tier 3. Copayments for supplemental benefits (Assisted Reproductive Technologies, Acupuncture, Chiropractic Services, Hearing Aids, and Adult Vision) do not apply to the annual Out of Pocket Maximum.

⁴ Includes preventive services with a rating of A or B from the US Preventive Services Task Force; immunizations for children, adolescents and adults recommended by the Centers of Disease Control; and preventive care and screenings supported by the Health Resources and Services Administration for infants, children, adolescents and women. If preventive care is received at the time of other services, the applicable copayment for such services other than preventive care may apply. If an out-of-network provider is used for contraceptive services because there is no in-network provider available to provide this service, no cost-sharing will be charged.

Summary of Benefits

Notes

⁵ The listed copayment only applies if the service is received in the listed setting. If the service is received in a different setting, the copayment and any applicable deductibles for services in that setting will apply instead. For example, if the listed copayment is for a Specialist Physician Office visit, but the service is received in the Emergency Room, the Emergency Room copayment, and any applicable deductibles, will apply instead of the Specialist Physician Office copayment.

⁶ All medically necessary treatment of mental health and substance use disorders is covered under this plan.

⁷ Service requires Precertification as outlined in your Member Handbook. If you fail to obtain Precertification for a service received from a provider outside of your Tier 1 provider network, you will be required to pay a penalty of [up to 50%] of the amount Sharp Health Plan pays the provider for that service rather than the Tier 2 or Tier 3 cost-share coinsurance, deductible, and copayment amount listed for that service. The amount Sharp Health Plan pays the Tier 2 or Tier 3 provider is based on a discounted rate of the provider's billed charges as negotiated between the Plan and the provider.

⁸ Deductible applies

⁹ Services may only be obtained at Tier 1 and will not be covered if obtained at Tier 2 or Tier 3.

¹⁰ Member cost-share will not exceed \$250 per individual prescription of up to a 30-day supply of a covered oral anti-cancer drug.

¹¹ Out of Pocket Maximums and Deductibles cross apply between the pharmacy costs in Tier 1, Tier 2 and Tier 3.

Note: Coinsurance values are based on contracted rates.

Note: "Other Practitioner Office Visits" includes: Therapy visits, office visits not provided by Primary Care Physicians or Specialty Physicians, and office visits not specified in another benefit category.

Note: For "Mental Health Services", "Office Visits" cost-share applies to outpatient office visits, psychological testing, and outpatient monitoring of drug therapy. "Group Therapy" cost-share applies to group mental health evaluation and treatment and group therapy sessions. "Other Outpatient Items and Services" cost-share applies to multidisciplinary treatment in an intensive outpatient psychiatric treatment program, partial hospitalization, and home-based behavioral health treatment for autism spectrum disorder. "Inpatient" cost-share applies to inpatient facility and physician services, mental health psychiatric observation and mental health crisis residential treatment.

Note: For "Substance Use Disorder Services", "Office Visits" cost-share applies to outpatient office visits, medication treatment for withdrawal, and individual evaluation. "Group Therapy" cost-share applies to substance use disorder group evaluation and group therapy sessions. "Other Outpatient Items and Services" cost-share applies to day treatment programs, intensive outpatient programs, and partial hospitalization. "Inpatient" cost-share applies to the inpatient facility and physician services and substance use disorder transitional residential recovery services in a non-medical residential setting.

Note: The cost of developing an evaluation and the provisions of all health care services required or recommended pursuant to a Community Assistance, Recovery and Empowerment (CARE) Agreement or CARE Plan are covered whether the service is provided by a Tier 1, Tier 2 or Tier 3 provider. All services are covered without prior authorization and Cost Sharing, except prescription drugs.

Note: Medically Necessary treatment of a Mental Health or Substance Use Disorder including but not limited to, Behavioral Health Crisis Services provided by a 988 center, or mobile crisis team or other provider of Behavioral Health Crisis Services can be provided by Tier 1, Tier 2 or Tier 3 provider. You will only pay the Tier 1 cost sharing amount for any Tier 2 or Tier 3 Medically Necessary treatment of a Mental Health or Substance Use Disorder for Behavioral Health Crisis Services, provided by a 988 center, mobile crisis team or other provider of Behavioral Health Crisis Services.
