DeltaCare[®] USA

Dental benefits made easy!

When you enroll in a DeltaCare USA plan, you'll choose a primary care dentist from our network of carefully screened, private practice dentists. You must visit your primary care dentist to receive benefits.¹

- No restrictions on pre-existing conditions (except work in progress)
- Access to specialty care and out-of-area emergency care

A partner in oral health

Your DeltaCare USA plan encourages regular dental care with an extensive list of covered services to help you stay healthy.

- Low or no copayments for services like cleanings and exams

Budget-friendly costs

With your DeltaCare USA plan, there are no surprises. You'll know your copayments, and your out-of-pocket costs are clearly defined before treatment begins.

- No deductibles or maximums for covered services
- Pay only your copayment (if any) at the time of treatment

Convenient services

We make it easy for you — there are no claim forms to complete², and no plan ID card is required to receive treatment.

- Access plan information online
- Change your primary care dentist by phone or online

¹ We recommend that you verify online that the dentist is your selected DeltaCare USA primary care dentist before each appointment.

² You may have to complete a claim form if you visit an out-of-network dentist, such as for limited emergency treatment.
