INTRODUCTION

This document contains a list of the federal Food and Drug Administration (FDA) approved drugs covered for Sharp Health Plan Members under the pharmacy outpatient prescription drug benefit, and is also known as the Formulary. The outpatient prescription drug benefit covers outpatient drugs provided to Members through a network retail, specialty or mail order pharmacy. Drugs covered under the pharmacy benefit are generally oral or topical medications, unless otherwise listed on the Formulary. The presence of a drug on the Formulary does not guarantee that it will be prescribed by your Prescribing Provider for a particular medical condition. Refer to the end of this Introduction for information about drug benefit exclusions for the outpatient prescription drug benefit.

If you are in an HMO plan, you should contact your provider for information on how to obtain vaccines. If you are in a Point of Service (POS) plan, you can get vaccines at a network retail pharmacy. Please refer to your Evidence of Coverage for additional information. If you have questions regarding your outpatient prescription drug benefit, please call our Customer Service department at 1-855-298-4252.

A Medical Benefit drug is a drug that is physician administered or is self-injectable. Medical Benefit drugs are covered under the Medical Benefit. DEFINITIONS

Defined terms are capitalized throughout this Formulary and have the meaning set forth below throughout this Formulary and in the Glossary section of your Member Handbook.

“Appeal” is a written or oral request, by or on behalf of a Member, to re-evaluate a specific determination made by Sharp Health Plan or any of its delegated entities (e.g., Plan Providers).

“Brand-Name Drug” is a drug that is marketed under a proprietary, trademark-protected name. The Brand Name Drug shall be listed in all CAPITAL letters.

“CARE Agreement” means a voluntary settlement agreement entered into by the parties. A CARE Agreement includes the same elements as a CARE Plan to support the respondent in accessing community-based services and supports.

“CARE Plan” means an individualized, appropriate range of community-based services and supports, which include clinically appropriate behavioral health care and stabilization medications, housing and other supportive services, as appropriate.

“Coinsurance” is a percentage of the cost of a Covered Benefit (for example, 20%) that an Enrollee pays after the Enrollee has paid the Deductible, if a Deductible applies to the Covered Benefit, such as the prescription drug benefit.

“Copayment” is a fixed dollar amount (for example, \$20) that an Enrollee pays for a Covered Benefit after the Enrollee has paid the Deductible, if a Deductible applies to the Covered Benefit, such as the prescription drug benefit.

“Deductible” is the amount an Enrollee pays for certain Covered Benefits before Sharp Health Plan begins payment for all or part of the cost of the Covered Benefit under the terms of the policy.

“Drug Tier” is a group of Prescription Drugs that corresponds to a specified cost sharing tier in Sharp Health Plan’s Prescription Drug coverage. The tier in which a Prescription Drug is placed determines the Enrollee’s portion of the cost for the drug.

“Enrollee” is a person enrolled in Sharp Health Plan who is entitled to receive services from the Plan. All references to Enrollees in this Formulary template shall also include Subscribers as defined in this section below. An Enrollee is also referred to as a Member.

“Exception Request” is a request for coverage of a Prescription Drug. If an Enrollee, his or her designee, or prescribing health care provider submits an Exception Request for coverage of a Prescription Drug, Sharp Health Plan must cover the Prescription Drug when the drug is determined to be Medically Necessary to treat the Enrollee’s condition. Drugs and supplies that fall within one of the outpatient prescription drug benefit exclusions described in the Member Handbook are not eligible for an Exception Request.

“Exigent Circumstances” are when an Enrollee is suffering from a health condition that may seriously jeopardize the Enrollee’s life, health, or ability to regain maximum function, or when an Enrollee is undergoing a current course of treatment using a Nonformulary Drug.

“Formulary” is the complete list of drugs preferred for use and eligible for coverage under a Sharp Health Plan product, and includes all drugs covered under the outpatient prescription drug benefit of the Sharp Health Plan product. Formulary is also known as a Prescription Drug list,

“Generic Drug” is the same drug as its brand name equivalent in dosage, safety, strength, how it is taken, quality, performance, and intended use. A Generic Drug is listed in bold and italicized lowercase letters.

“Grievance” is a written or oral expression of dissatisfaction regarding Sharp Health Plan, a provider and/or a pharmacy, including quality of care concerns.

“Nonformulary Drug” is a Prescription Drug that is not listed on Sharp Health Plan’s Formulary.

“Out-of-Pocket Cost” are Copayments, Coinsurance, and the applicable Deductible, plus all costs for health care services that are not covered by Sharp Health Plan.

“Prescribing Provider” is a health care provider authorized to write a Prescription to treat a medical condition for a Sharp Health Plan Enrollee.

“Prescription” is an oral, written, or electronic order by a prescribing provider for a specific enrollee that contains the name of the prescription drug, the quantity of the prescribed drug, the date of issue, the name and contact information of the prescribing provider, the signature of the prescribing provider if the prescription is in writing, and if requested by the enrollee, the medical condition or purpose for which the drug is being prescribed.

“Prescription Drug” is a drug that is approved by the federal Food and Drug Administration (FDA) that is prescribed by your Prescribing Provider and requires a prescription under applicable law.

“Prior Authorization” is Sharp Health Plan’s requirement that the Enrollee or the Enrollee's Prescribing Provider obtain the Sharp Health Plan’s Authorization for a Prescription Drug before Sharp Health Plan will cover the drug. Sharp Health Plan shall grant a Prior Authorization when it is Medically Necessary for the Enrollee to obtain the drug.

“Step Therapy” is a process specifying the sequence in which different Prescription Drugs for a given medical condition and medically appropriate for a particular patient are prescribed. Sharp Health Plan may require the Enrollee to try one or more drugs to treat the Enrollee's medical condition before Sharp Health Plan will cover a particular drug for the condition pursuant to a Step Therapy request. If the Enrollee's Prescribing Provider submits a request for Step Therapy exception, Sharp Health Plan shall make exceptions to Step Therapy when the criteria is met.

“Subscriber” means the person who is responsible for payment to Sharp Health Plan or whose employment or other status, except for family dependency, is the basis for eligibility for membership in the plan.

HOW OFTEN DOES THE FORMULARY CHANGE?

The Sharp Health Plan Formulary is developed to identify safe and effective drugs for Members while maintaining affordable benefits. The Formulary and Drug Coverage Requirements and Limits are updated regularly, based on input from the Pharmacy and Therapeutics (P&T) Committee, which meets quarterly. The Formulary and the Drug Coverage Requirements and Limits are subject to change monthly as new clinical information and new drugs become available. The P&T Committee members are clinical pharmacists and actively practicing physicians of various medical specialties. The P&T Committee frequently consults with other medical experts for input to the Committee.

The P&T Committee evaluates clinical effectiveness, safety and overall value through:

- Medical and scientific publications
- Relevant utilization experience
- Physician recommendations

WILL I BE NOTIFIED OF A FORMULARY CHANGE?

Sharp Health Plan will provide sixty (60) days written notice of a Formulary change to negatively affected Members. The notice will include the date the Member will be impacted by the change. Some examples of Formulary changes that will result in a notice to the member include, but are not limited to:

- A drug or dosage form is moved to a higher Drug Tier that results in an increase in cost sharing
- A drug or dosage form is removed from the Formulary
- Drug Coverage Requirements or Limits for a drug are added or changed

Changes to the Formulary that may occur without prior written notice to the Member include:

- A drug is removed from the Formulary because it is removed from the market by either the drug manufacturer or the FDA
- A drug is added to the Formulary
- A drug is moved to a lower Drug Tier
- A Drug Coverage Requirement or Limit is removed from a drug
- A generic drug is added to the Formulary and the Brand Name drug is moved to a higher Drug Tier or removed from the Formulary

The drug formulary can be accessed by current and prospective Members. To view the most current Formulary, please visit sharphealthplan.com/search-drug-list.

HOW DO I LOCATE A PRESCRIPTION DRUG ON THE FORMULARY?

Covered Prescription Drugs are listed alphabetically by Generic name and Brand-Name in the alphabetical Index.

Within the Formulary, drugs are listed alphabetically under the column titled "Prescription Drug Name" by its Brand or Generic name under the therapeutic category and class to which it belongs. If a generic for a Brand Name Drug is not available or is not covered, the Generic Drug name will not be listed separately by its generic name.

You can find a Prescription Drug on the formulary by looking for its Generic or Brand-Name alphabetically in the Index, or by looking for it in the Formulary, where it is listed alphabetically under the therapeutic category and class to which it belongs. Sharp Health Plan uses the Medispan® classification system for therapeutic category and class. MediSpan® maintains the Master Drug Data Base of drug information for professionals in the health sciences. The Master Drug Data Base provides pricing and descriptive drug information on name brand, generic, prescription and OTC medications and herbal products and is updated daily.

HOW DO I KNOW IF THE DRUG LISTED ON THE FORMULARY IS A BRAND OR GENERIC DRUG?

Brand-Name Drugs are listed in all CAPITAL LETTERS followed by the generic name in parentheses in (*lowercase bold italics*).

If a Generic equivalent for a Brand-Name Drug is available and is covered, the Generic Drug will be listed separately from the Brand-Name Drug in all *lowercase bold italics*.

When a Generic Drug is marketed under a Brand-Name, the Brand-Name will be listed in all capital letters after the Generic name in parentheses with the first letter of each word capitalized.

Here is how this is listed on the Formulary:

Drug Type	Listing on the Formulary
Brand-Name Drug and Generic-Name	FIBRICOR TAB 35MG (<i>fenofibric acid</i>)
Generic-Name that is covered on the Formulary	<i>fenofibric acid tab 35mg</i>
Generic Drug marketed with a Brand-Name	(Amiodarone Hcl Tab 100 mg) PACERONE

Some drugs are commercially available as both a Brand-Name and a Generic-Name. Contracted pharmacies are required to dispense the Generic version of the drug, unless Prior Authorization for the Brand-Name Drug is obtained from Sharp Health Plan.

The Brand-Name listed in this document is for reference only and is not an indication that the Brand-Name Drug is covered by Sharp Health Plan, unless Sharp Health Plan has Authorized the Brand-Name Drug due to medical necessity or specifically noted.

WHAT IS A DRUG TIER?

Each covered drug is assigned to a Drug Tier. The Drug Tier is a group of drugs that indicates what your Copayment or Coinsurance is for each drug. A Deductible may also apply. For information about your Copayments, Coinsurance and/or Deductible, please consult your benefits information available online by visiting sharphealthplan.com/login and log in to your Sharp Health Plan online account. When you create a Sharp Health Plan online account, you can easily access your benefit information online 24 hours a day, 7 days a week.

A preferred drug is a drug that the Pharmacy and Therapeutics Committee has determined provides greater value than its alternatives when considering clinical effectiveness, safety and overall value.

The Drug Tier is marked throughout this document by one of the following symbols:

Symbol	Drug Tier	Description
PV	PV	Select drugs covered with no Copayment when recommended for preventive use as indicated under Preventive Care Services, including certain generic and over-the-counter contraceptives for women.
1	Tier 1	Preferred Generic Drugs. These drugs are subject to your Tier 1 Copayment.
2	Tier 2	Preferred Brand-Name Drugs and inhaler spacers. These drugs and inhaler spacers are subject to your Tier 2 Copayment.
3	Tier 3	Non-preferred drugs (may include Brand Name or Generic Drugs). These drugs are subject to your Tier 3 Copayment.
4	Tier 4	Specialty Drugs. A specialty drug is a drug that the FDA or the manufacturer states must be distributed through a Specialty pharmacy, drugs that require the Member to have special training or clinical monitoring for self-administration, or drugs that the Pharmacy and Therapeutics Committee determines to be a Specialty medication.

ARE THERE ANY COVERAGE REQUIREMENTS OR LIMITS?

Some covered Generic and Brand-Name Drugs have coverage requirements or limits on coverage. Symbols are used to identify drugs with a Coverage Requirement or Limit. The following symbols are used in this Formulary:

Symbol	Meaning	Description
PA	Prior Authorization	Requires Prior Authorization by Sharp Health Plan based on specific clinical criteria. See “What is Prior Authorization?” below for additional information.
PA**	Prior Authorization if Step Therapy is not met	Requires Prior Authorization by Sharp Health Plan based on specific clinical criteria, if Step Therapy criteria has not been met.
QL	Quantity Limit	Coverage is limited to a specific quantity per Prescription and/or time period. Prior Authorization is required for other quantities.
ST	Step Therapy	Coverage depends on previous use of another drug. Prior Authorization may be required. See “What Is Step Therapy?” below for additional information.

MO	Mail Order	A maintenance drug that is available for up to a 90-day supply and is eligible to be filled through mail order.
SP	Specialty	A specialty drug that must be filled by a pharmacy in the Sharp Health Plan Specialty Pharmacy network and is limited to a 30-day supply per fill.
OAC	Oral Anti-Cancer	An orally administered anticancer medication. Notwithstanding any Deductible, the total amount of Copayments and Coinsurance does not exceed two hundred fifty dollars (\$250) for an individual Prescription of up to a 30-day supply.

WHAT IS PRIOR AUTHORIZATION?

Drugs with a PA symbol in the Coverage Requirements and Limits column of the Formulary are subject to Prior Authorization. Your Prescribing Provider must request Prior Authorization, or approval for coverage, from Sharp Health Plan by calling our Customer Service department, submitting a fax request, or submitting an electronic Prior Authorization Form. Once all the needed supporting information has been received, the Prior Authorization request will be either approved or denied based on our clinical policies within 72 hours for non-urgent requests, or within 24 hours in urgent or Exigent Circumstances. Exigent Circumstances exist when a Member is suffering from a health condition that may seriously jeopardize the Member's life, health, or ability to regain maximum function or when an enrollee is undergoing a current course of treatment using a Nonformulary Drug. Sharp Health Plan will provide coverage for the Prescription, including refills, for the duration of the Prescription for non-urgent requests, and for the duration of the exigency for requests based on Exigent Circumstances. If Sharp Health Plan fails to respond to a completed Prior Authorization request within 72 hours of receiving a non-urgent request or within 24 hours of receiving a request based on Exigent Circumstances, the request is deemed granted, including refills.

If Sharp Health Plan denies a request for Prior Authorization, the Member, an Authorized Representative, or the Prescribing Provider can file an Appeal or Grievance. Information about this process is described in the section of the Formulary called, "You Have the Right to Appeal."

If Sharp Health Plan approved a Prior Authorization request for your medication and medical condition, Sharp Health Plan will not discontinue or limit coverage if your Prescribing Provider continues to prescribe it for the same medical condition, provided the drug is appropriately prescribed and is safe and effective for treating your medical condition.

WHAT IS PA**?

Drugs with a PA** symbol in the Coverage Requirements and Limits column of the Formulary are subject to Prior Authorization based on specific clinical criteria if Step Therapy has not been met. There may be a situation when it is Medically Necessary for you to receive certain drugs without first trying the alternative drug. In these instances, your doctor may request a Prior Authorization by following the Prior Authorization process described above.

WHAT IS QUANTITY LIMIT?

Drugs with a QL symbol in the Coverage Requirements and Limits column of the Formulary are subject to Quantity Limits. Quantity Limits exist when drugs are limited to a determined number of doses based on criteria, including, but not limited to, safety, potential overdose hazard, abuse potential, or approximation of usual doses per month, not to exceed the FDA maximum approved dose. A Member's Prescribing Provider may submit a request for a quantity of medication that exceeds the Quantity Limit by following the Prior Authorization request procedure stated above. Medical Necessity for the quantity requested must be provided. Once all of the required supporting

information has been received, the Prior Authorization request will be either approved or denied within 72 hours for non-urgent requests or within 24 hours in urgent or Exigent Circumstances.

WHAT IS STEP THERAPY?

Drugs with a ST symbol in the Coverage Requirements and Limits column of the Formulary are subject to Step Therapy. The Step Therapy program encourages safe and cost-effective medication use. Under this program, a “step” approach is required to receive coverage for certain drugs. This means that to receive coverage, you may need to first try a proven, cost-effective drug. Remember, treatment decisions are always between you and your doctor. There may be a situation when it is Medically Necessary for you to receive certain drugs without first trying an alternative drug. In these instances, your doctor may request a Step Therapy Exception by following the Prior Authorization process as described above. If Sharp Health Plan fails to respond to a completed Step Therapy Exception request within 72 hours of receiving a non-urgent request or within 24 hours of receiving a request based on Exigent Circumstances, the request is deemed granted, including refills. When a provider determines that the drug required under Step Therapy is inconsistent with good professional practice, the provider should submit their justification and clinical documentation supporting the provider’s determination with a Step Therapy Exception Request, and the Plan will approve the Step Therapy Exception Request.

If a request for prior authorization or a step therapy exception is incomplete or relevant information necessary to make a coverage determination is not included, we will notify your provider within 72 hours of receipt, or within 24 hours of receipt if exigent circumstances exist, what additional or relevant information is needed to approve or deny the prior authorization or step therapy exception request, or to appeal the denial.

If you have moved from another insurance plan to Sharp Health Plan and are taking a medication that your previous insurer covered, Sharp Health Plan will not require you to follow Step Therapy in order to obtain the medication. Your doctor may need to submit a request to Sharp Health Plan in order to provide you with continuity of coverage.

WHAT IS MO?

Drugs with a MO symbol in the Coverage Requirements and Limits column of the Formulary are classified as Maintenance Drugs and can be filled for a 90-day supply at a retail location or through Mail Order.

WHAT IS A SPECIALTY DRUG?

Drugs with a SP symbol in the Coverage Requirements and Limits column of the Formulary are Specialty drugs. A Specialty drug is a drug that the FDA or the manufacturer states must be distributed through a Specialty pharmacy, drugs that require the Member to have special training or clinical monitoring for self-administration, or drugs that the Pharmacy and Therapeutics Committee determines to be a Specialty medication.

WHAT IS AN ORAL ANTI-CANCER DRUG?

Drugs with an OAC symbol in the Coverage Requirements and Limits column of the Formulary are Oral Anti-Cancer drugs. Notwithstanding any Deductible, the total amount of Copayments and Coinsurance for these drugs does not exceed two hundred fifty dollars (\$250) for an individual Prescription of up to a 30-day supply.

WHAT IF A DRUG IS NOT LISTED ON THE FORMULARY? WHAT IS A FORMULARY EXCEPTION?

Drugs that are not listed on the Formulary are Nonformulary Drugs and are not covered. There may be times when it is Medically Necessary for you to receive a Nonformulary Drug. In these instances, you, your Authorized Representative or your Prescribing Provider may request a Formulary Exception by following the Prior Authorization Request process described above. Once all of the required supporting information has been received, the Formulary Exception Request will be either approved or denied based on medical necessity within 72 hours for non-urgent requests, or within 24 hours in urgent or Exigent Circumstances. If Sharp Health Plan denies a Formulary Exception Request, the Member, an Authorized Representative, or the Provider can file an Appeal with Sharp Health Plan. Nonformulary Brand-Name Drugs approved for coverage will be subject to the Tier 3 Cost

Share. Nonformulary Generic Drugs approved for coverage will be subject to the Tier 1 Cost Share. When approved, Sharp Health Plan shall provide coverage of the Nonformulary non-urgent request for the duration of the Prescription, including refills. Sharp Health Plan shall provide coverage, including refills, pursuant to a request based on Exigent Circumstances for the duration of the exigency.

Mail order medications can be filled at CVS Caremark®. You can enroll with CVS Caremark® by visiting info.caremark.com/mailservice.

WHAT IS THERAPEUTIC INTERCHANGE?

Sharp Health Plan employs therapeutic interchange as part of its prescription drug benefit. Therapeutic interchange is the practice of replacing (with the Prescribing Provider's approval) a Prescription Drug originally prescribed for a patient with a Prescription Drug that is preferred on the Formulary. Using therapeutic interchange may offer advantages, such as value through improved convenience, affordability, improved outcomes or fewer side effects. Two or more drugs may be considered appropriate for therapeutic interchange if they can be expected to produce similar levels of clinical effectiveness and sound medical outcomes in patients. If, during the Prior Authorization process, the requested medication has a preferred Formulary alternative that may be considered appropriate for therapeutic interchange, a request to consider the preferred drug(s) may be conveyed to the Prescribing Provider. The Prescribing Provider may choose to use therapeutic interchange and select a pharmaceutical that does not require Prior Authorization or Step Therapy.

WHAT IS GENERIC SUBSTITUTION?

When a Generic Drug is available, the pharmacy is required to switch a Brand-Name Drug to the generic equivalent, unless Sharp Health Plan has authorized the Brand-Name Drug due to medical necessity. If the brand-name drug is Medically Necessary and Prior Authorization is obtained from Sharp Health Plan, you must pay the Cost Share for the corresponding Brand-Name Drug tier. The FDA applies rigorous standards for identity, strength, quality, purity and potency before approving a Generic Drug. Generics are required to have the same active ingredient, strength, dosage form, and route of administration as their Brand-Name equivalents.

In a few cases, the Brand-Name Drug is included on the Formulary, but the generic equivalent is not. When that occurs, the Brand-Name Drug will be dispensed and you will be charged the Drug Tier 1 Cost Share. The enrollee may be required to try an interchangeable product before providing coverage for the equivalent branded prescription drug. Nothing in this section will prohibit or supersede a step therapy exception request.

YOU HAVE THE RIGHT TO APPEAL

If you do not agree with a coverage decision, you, your Authorized Representative or your provider may request an Appeal. You must submit your request within 180 days from the postmark date of the denial notice.

APPEALS DUE TO DENIAL OF COVERAGE FOR A NONFORMULARY DRUG

If an exception request for coverage of a Nonformulary drug is denied, you, your Authorized Representative or your provider may request an external Exception Request review. Sharp Health Plan will ensure that a decision is made within 72 hours of receiving the required supporting information in routine circumstances or within 24 hours of receiving the required supporting information in urgent circumstances.

ALL OTHER APPEALS

If a decision is made to delay, deny or modify coverage of a Formulary Drug, you, your Authorized Representative or your provider may request an Appeal. A decision will be made within 30 days in routine circumstances or 72 hours in urgent circumstances.

For all types of Appeals, the circumstance may be considered urgent if the routine decision-making process might seriously jeopardize your life or health, or when you are experiencing severe pain.

Please refer to your Member Handbook for more information on the Appeal process.

Some drugs are commercially available as both a Brand-Name version and a generic version. It is the policy of Sharp Health Plan that when a generic version is available, Sharp Health Plan does not cover the corresponding Brand-Name Drug. Sharp Health Plan requires the dispensing pharmacy to dispense the Generic Drug unless prior Authorization for the Brand-Name Drug is obtained. In a few cases, the Brand-Name Drug is included on the Formulary, but the generic equivalent is not. When that occurs, the Brand-Name Drug will be dispensed and you will be charged the Drug Tier 1 Cost Share. When an interchangeable biological product is available, the pharmacy may be required to fill your Prescription with the interchangeable biological product unless prior Authorization is obtained and the reference product is determined to be Medically Necessary.
