Values reported prior to the rate change do not align with the time period in B7:C7, rather premium rates reflect the assumptions in the previously filed rates and membership is reflective of current enrollment aligned with the URRT. For the 2Q2022 rate filing, this would be the rates filed for 1Q2022 and the membership as of 8/2021, where there is no 3TPOS membership since those plans are first available in 10/2021 with the 4Q2021 rate filing.

Admin costs for CCSB/Mirror, Off-Exchange Non-Mirror, and 3TPOS markets include small group commissions. Admin costs for the CalChoice admin and no commissions. The CalChoice profit/margin after rate increase is 0.5% on the Net Premium to Sharp Health Plan, consistent with the other Small Group plans.
