Preferred Generic/Preferred Brand/Non-preferred medications for a 90 day supply by mail order (for maintenance medications only)	\$20 / \$80 / \$140
Preventive prescription drugs including Preferred Generic and prescribed over-the-counter contraceptives	\$0

Notes

¹ In a family plan, an individual is responsible only for the single out-of-pocket deductible and a single out-of-pocket maximum amount. Cost sharing payments (deductibles, copayments and coinsurance, but not premiums) made by each individual in a family contribute to the family deductible and out-of-pocket maximums. The family deductible may be satisfied by any combination of individual deductible payments, after which member copays or coinsurance apply until the family out of pocket maximum is reached. Once the family out-of-pocket maximum is reached, the plan pays all costs for covered services for all family members. Cost sharing payments for all covered benefits accumulate toward the deductible, if deductible applies to that service, and the out-of-pocket maximum.

Note: Cost sharing for services with copayments is the lesser of the copayment amount or allowed amount (the maximum amount on which payment is based for covered health care services).

Note: For "Mental Health Services", "Office Visits" cost-share applies to outpatient office visits, psychological testing, and outpatient monitoring of drug therapy. "Group Therapy" cost-share applies to group mental health evaluation and treatment and group therapy sessions. "Other Outpatient Items and Services" cost-share applies to multidisciplinary treatment in an intensive outpatient psychiatric treatment program, partial hospitalization, and home-based behavioral health treatment for autism spectrum disorder. "Inpatient" cost-share applies to inpatient facility and physician services, mental health psychiatric observation and mental health crisis residential treatment.

Note: For "Substance Use Disorder Services", "Office Visits" cost-share applies to outpatient office visits, medication treatment for withdrawal, and individual evaluation. "Group Therapy" cost-share applies to substance use disorder group evaluation and group therapy sessions. "Other Outpatient Items and Services" cost-share applies to day treatment programs, intensive outpatient programs, and partial hospitalization. "Inpatient" cost-share applies to the inpatient facility and physician services and substance use disorder transitional residential recovery services in a non-medical residential setting.

² Copayments for supplemental benefits (Assisted Reproductive Technologies, Chiropractic Services, Adult Vision, etc.) do not apply to the annual out of pocket maximum.

³ Includes preventive services with a rating of A or B from the US Preventive Services Task Force; immunizations for children, adolescents and adults recommended by the Centers of Disease Control; and preventive care and screenings supported by the Health Resources and Services Administration for infants, children, adolescents and women. If preventive care is received at the time of other services, the applicable copayment for such services other than preventive care may apply.

⁴ "Other Practitioner Office Visits" includes: Therapy visits, office visits not provided by Primary Care Physicians or Specialty Physicians, and office visits not specified in another benefit category.

⁵ Of contracted rates

⁶ Out of pocket cost is based on type and location of services (e.g. outpatient surgery cost-share for outpatient surgery or specialist office visit cost-share for a service received during a specialist office visit).

⁷All medically necessary treatment of mental health and substance use disorders is covered under this plan.

⁸ Deductible applies

⁹ Member cost-share will not exceed \$250 per individual prescription of up to a 30-day supply of a covered oral anti-cancer drug. 90-day supply cost share applies to maintenance medications filled by mail order only.
