Provider Alert

To: **Sharp Health Plan Providers and Provider Office Staff**
From: **Sharp Health Plan**
Date: **January 13, 2021**
Subject: **COVID-19 Vaccine Availability for Healthcare Professionals**

Dear Sharp Health Plan Provider,

As the pandemic continues to evolve, Sharp Health Plan monitors and follows guidance from public health officials as well as state and federal agencies to keep you up-to-date on COVID-19. This week the County of San Diego is hosting **COVID-19 vaccination events** exclusively for healthcare workers and employees and residents of long-term care facilities.

Initial allocations of the vaccine are limited during Phase 1A and will be prioritized according to a [tiered system](#) that takes into account multiple factors. If this is not possible, you can visit the [County's Vaccination Appointments webpage](#) to find eligibility information and register for events.

Note that if you work for an enrolled and approved COVID-19 vaccination provider, your employer will contact you directly about being vaccinated. If you are a provider interested in becoming a vaccinator, you will find [guidance on the County's Vaccine Availability for Health Care Professionals webpage](#).

For more information about COVID-19 and the vaccines, please visit the 2-1-1 San Diego website at 211sandiego.org/covid19/covid-19-vaccine and sharphealthplan.com/for-providers/covid19.

Sincerely,

Cary B. Shames, DO, CHCQM, FABQAURP
Vice President, Chief Medical Officer
