Re: Transition from Diplomat to CVS Specialty Pharmacy

Dear Valued Sharp Health Plan Provider:

Beginning December 5, 2016, Sharp Health Plan has chosen CVS Specialty™ as the exclusive pharmacy to provide specialty medications to Sharp Health Plan members. We are confident this will result in better overall service, and will improve medication access, convenience, and member delivery choices. For your reference a list of Sharp Health Plan Specialty Medications is attached.

Sharp Health Plan will be working with members currently using Diplomat Specialty Pharmacy services to transition them to CVS Specialty prior to February 27, 2017.

Beginning December 5, 2016, new prescriptions for specialty medications listed on the attached document and in the back of the Sharp Health Plan formulary (beginning January 2017) can be sent to CVS Specialty through one of the following processes:

- Fax the prescription to **1-800-323-2445**
 - Include a front and back copy of the patient's Sharp Health Plan ID card
- e-Prescribe the prescription to CVS Specialty
- Call in the specialty prescription(s) in to **1-800-237-2767**

Once members are established with CVS Specialty they will have a choice of prescription delivery by mail or pick up at a CVS pharmacy location of their choice, including those within Target stores.

If you have any questions regarding this new process, please contact Sharp Health Plan Customer Care at **1-800-359-2002** or Sharp Health Plan Provider Relations at **(858) 499-8330** or via email at provider.relations@sharp.com. We appreciate your partnership.

SPECIALTY DRUG LIST

Drugs listed on this list are designated as specialty drugs under the Sharp Health Plan Pharmacy Benefit. All specialty drugs require prior authorization. Upon approval of your specialty drug, you will receive information on which retail and mail pharmacies can supply your medication.
